## Welcome to Hanover Elementary

At Hanover Elementary, our students pledge to respect one another, to be responsible in doing their very best and to recognize the rights of others. This pledge forms the foundation of our high-achieving, safe and positive environment, where students consistently score well above state and national averages on standardized tests. This is possible because our

personalized learning practices ensure that all students are challenged and engaged

every day. It's the collaborative work of our dedicated teachers, staff and families that helps our students reach their full potential.

**“The main thing we see at Hanover is love—love of learning, love of seeing children shine, love of community, love of each child and his or her journey in education—every person showing love towards the littlest citizens of Hanover.”**

—Natalie, parent

## What Makes Hanover Elementary Unique

### Personalized Learning

Teachers consistently collaborate to ensure that all students learn at high levels. They analyze student data, share ideas and utilize researched-based strategies to meet the needs of each student. Flexible grouping practices in reading and math show excellent, personalized results for all of our students.

Hanover was named a National Blue Ribbon School in 2013 by the U.S. Department of Education for overall academic excellence and achievement.

### Nurturing Environment

We create a warm and welcoming environment where all students feel safe and able to take on new challenges. Our staff build strong relationships with their students, which promote positive and healthy connections. Our

well-equipped classrooms, media center and beautiful playground offer ideal learning environments.

### Meaningful Use of Technology

Technology is integrated into each classroom through the use of iPads, laptops, Chromebooks, Smart Boards and two mobile labs that are available on demand. We use a variety of apps, websites and software, including Google Apps for Education, to improve communication, learning and collaboration.

Hornetdale gives students in grades 1-2 practice in money management. Special musical productions are performed by students in grades 2 and 4 annually. Math Masters provides an opportunity for our 5th graders to compete in regional math competitions.

### Strong Parent Involvement

We value parent support and involvement. Our Parent Teacher Organization (PTO) hosts many activities, from school carnivals to engineering nights, as well as funds important needs such as additional technology for the classroom, books for the media center, musical instruments and a resident artist who provides art instruction. More than 400 volunteers add to the success of the school every year. Many local community businesses also support our school, including the Hanover Athletic Association they have provided major funding for sports equipment, field improvements, playground equipment and more.

### Other Important Information

**Transportation:** Vision Transportation of Buffalo provides bus service for BHM Schools. Families get free busing to Hanover Elementary and can designate up to one alternate location such as daycare or a relative's house for pick-up and drop-off. Contact Vision of Buffalo at 763.682.3232 for routing and other information.

**KidKare:** On-site KidKare extends your child's learning day while providing high quality care in a safe and fun environment. KidKare is offered before and after school, full days on most non-school days and during the summer. Call 763.682.8787 for more information.

### Specialist Classes & Special Programs

Students in all grades participate in music, physical education and media/technology instruction. Many special programs also promote student learning.
