Buffalo-Hanover-Montrose

INDEX TITLE School Board SERIES NO. 200

POLICY TITLE Legal Status of the School Board CODE NO. 201

I. PURPOSE

The care, management and control of the schools is vested by statutory and constitutional authority in the school board. The school board shall carry out the mission of the school district with diligence, prudence and dedication to the ideals of providing the finest public education. The purpose of this policy is to define the authority, duties and powers of the school board in carrying out its mission.

II. GENERAL STATEMENT OF POLICY

- A. The school board is the governing body of the school district and exemplifies the American principles of representative democracy. The American system of public school education will best meet the needs of the citizenry if all local school boards throughout the United States recognize and meet their full legal, civic, social, economic, moral and ethical responsibilities. Every member of a school board should represent open-mindedly the entire school district; and, consequently, must let his or her consideration for the entire district take precedence over every form of partisanship and special interest – political, racial, religious, geographic, economic, social, civic or other. As such, the school board has responsibility for the care, management, and control over public schools in the school district.
- B. Generally, elected members of the school board have binding authority only when acting as a school board legally in session, except where specific authority is provided to school board members or officers individually. The Board will not be bound in any way by an action or statement on the part of any individual board member except when such statement or action is authorized by the school board.
- C. All actions of the board shall be taken only in official board meetings called, scheduled and conducted according to these bylaws and the statutes of the state.
