CAREER PATHWAYS GUIDE

B1 to E

>> ENROLLED
>> ENLISTED
>> EMPLOYED

BISON

BUFFALO HIGH SCHOOL

877 BISON BLVD, BUFFALO, MN 55313

BUFFALO HANOVER MONTROSE SCHOOLS

HOW TO USE THIS GUIDE

At Buffalo High School, we are committed to helping students discover and pursue their unique paths. This guide is designed to assist students and families in understanding how our elective courses and opportunities can support exploration of future career options.

This guide highlights elective courses that can provide valuable preparation and insight into specific career fields. However, it is *not* a comprehensive list of courses a student must take in their area of interest. Course selection should reflect each student's individual educational and career aspirations.

When selecting courses, students and families should consider the following factors:

- **Exploring a variety of career pathways** to identify potential interests and opportunities.
- **Meeting academic requirements for graduation** to stay on track.
- **Taking rigorous academic courses** that align with future educational goals.
- **Building on personal strengths** while improving skills in areas of growth.

At Buffalo High School, we want every student to graduate with a plan and the preparation to be **ENROLLED**, **ENLISTED**, or **EMPLOYED**!

We are excited to support you on your journey to success.

ENSURING OUR BUFFALO BISON ARE

COLLEGE AND CAREER READY!

ENROLLED

Further your education past high school!

- » Four-Year Colleges & Universities
- » Two-Year Community & Technical Colleges

AVID Elective Overview

AVID (Advancement Via Individual Determination) is an academic elective course that prepares students for college readiness and success. In AVID, students participate in activities that incorporate strategies focused on writing, inquiry, collaboration, organization, and reading to support their academic growth.

Additionally, students engage in activities centered around exploring college and career opportunities and their own agency. Graduates who have completed two or more years in AVID classes, including their senior year, will wear a silver cord at graduation to indicate their involvement.

AGRICULTURE / FOOD / NATURAL RESOURCES

Rigorous Academics

Students develop academic skills and can successfully complete rigorous college and career preparatory curriculum and experiences.

Opportunity Knowledge

Students research opportunities, set goals, make choices that support their long-term aspirations, and successfully navigate to the next level.

Student Agency

Students believe in themselves and act intentionally to build relationships, persist through obstacles, and activate their academic, social, emotional, and professional knowledge and skills to reach their potential.

The place to dream, believe and achieve.
