
MESSAGE FROM THE PRINCIPAL – Dr. Mathew Nelson

“Together We’re Better” continues to resonate daily at Discovery Elementary! It certainly has been a great year for our students and staff, and we all appreciate your support of Discovery Elementary throughout this school year. As we near the close of the 2021-2022 school year, I believe it is important for us to reflect on and be proud of all the great things that happened and continue to happen here at Discovery Elementary! There are many individuals and groups that have made a positive difference to our students, staff, and families; too many to recognize within the confines of this brief newsletter. Thank you for being a part of our school community!

We would like to recognize our staff for their commitment to the students and families of Discovery Elementary. They have worked very hard to provide a high-quality educational experience and help all students reach their full potential. It has been fun and exciting to see the students learn, progress, grow, and develop throughout the course of the school year. I would also like to offer big Congratulations to the Discovery Elementary 5th graders as they move on to the middle school. At the beginning of this year, I challenged this class to be great leaders of Discovery Elementary and set the example and tone for the building. They have indeed done that and have shown the younger students what a good positive 5th-grade leader looks like! This 5th-grade group has played a big part in making Discovery such a great place for us to learn, grow, and develop together! It will be fun in the upcoming weeks to celebrate this 5th-grade class with the safety patrol trip to the Twins game, the 5th-grade celebration, and the all-school picnic! We are certainly proud of this 5th-grade group, wish each of them well in middle school, and we look forward to seeing all the ways they will make our community and the world a better place in their future!

I get emotional when I think about it, but we have such a great thing going for students at Discovery and I couldn’t be more proud to be a part of the great work we all do, together, for our students!

Have a great summer, everyone!
