What is ECFE?

ECFE is Early Childhood (children from birth up to Kindergarten entrance) **Family** (parents, grandparents, caregivers, and guardians) **Education**

A typical **separating class** offers about 45 minutes for parents and children to play and learn together. The following 45 minutes, children stay with our ECFE teacher to continue the fun and parents meet for a parent educator led parent discussion.

A typical **non-separation class** parents and children spend the entire class time playing and learning together with ECFE staff.

WEATHER CANCELLATIONS

In the event of severe weather, Community Education/ECFE closings will be announced on KRWC 1360 AM radio, the district website, and ECFE Facebook page. You should be notified by email or text. Please call the ECFE office if you have questions.

All Day Closure: Community Education/ECFE classes do not meet when District 877 schools are closed for the day due to severe weather.

Two Hour Late Start: Morning classes are canceled (including Family Learning). Classes that begin at 11:15 am or after will be held as scheduled.

ADVISORY COUNCIL

Parents, WE NEED YOU! Parents of young children are invited to participate in special events, fundraising, and provide programming input. This is a great way to meet other area families and get involved in the Buffalo-Hanover-Montrose school district. The meetings take place in person and virtually. Members receive a 10% discount on ECFE fees/tuition. For more information contact Jen Greenhagen, jgreenhagen@bhmschools.org or 763.682.8753

Meeting Dates 2025:
February 10, March 10, April 14

Early Childhood Screening

Do you have a child between the ages of 3-5 years old?

The state of Minnesota requires all children to be screened, and recommends screening at age 3 in order to provide ample time to provide support if needed. Early Childhood Developmental Screenings are checks that help parents understand how their child is developing and growing.

During your screening appointment a trained professional will check:

- Vision and Hearing
- Height and Weight
- Immunizations (shots) review
- Large and Small muscles
- Thinking, Language, and Communication skills
- Social and Emotional development
- Immunization review
