**Note:** We will confirm receipt of your application once we receive it and your child(ren)'s name will be entered into the waiting pool that we draw from when we have an opening. We have implemented a waiting *pool* versus a waiting list in an effort to give every applicant not chosen in the lottery an equal chance of being chosen each time there is an enrollment opening. Should an opening become available and your child's name is drawn, we will contact you to offer the placement.
