

Safe Communities of Wright County and BHM Community Education

Parent & Teen Driver's Education Safety Presentation

To help new drivers and their parents prepare for teens getting behind the wheel, Safe Communities of Wright County hosts **Parent & Teen Driver's Education Safety Presentations** in partnership BHM Community Education.

Soon to be drivers and their parents should attend this presentation as part of their Driver's Education classroom training. The presentation includes speakers who represent local law enforcement, emergency medical services, and crash survivors. The focus of the presentation is to educate the audience on the seriousness of teen driving, the real risk of teen crashes, and what parents and teens can do to make things safer when new drivers are behind the wheel.

Join Safe Communities of Wright County and BHM Community Education for an upcoming **Parent & Teen Driver's Education Safety Presentation**.

Only the student needs to register. Fee is \$10/student.

Please
plan to
attend!
