

This Thursday, September 19th, will be our first Academic Thursday this year. These academic sessions will happen every Thursday morning this school year, from 8:50-9:25 during Prime Time. Academic Thursdays are designed to provide students with what they need, with the teachers they need, without being pulled from academic classes.

Students can sign up for an Academic Thursday Session for the following reasons:

- Extra support with academic standards
- Enrichment in a content area they are excelling in
- Test preparation
- Test and quiz redo/make-up
- Make-up work from being absent

Students will have time on Mondays during Prime Time to get signed up. Students can also sign up at home, using the link below. Please encourage your child to make good use of Academic Thursdays and discuss what sessions might be the best fit.
