Welcome to the Kingdom of Crescendo, a musical place to live! You've arrived just in time for the Mourning of the Lost Voice. King and Queen Coda's daughter Rapunzel was stolen away by the Evil Witch long ago, and Crescendo has never been the same. When King and Queen Coda develop a taste for a magical fruit, Bradley Baker must save the day! Alongside Bart the Bard, he travels into the woods to find the sought-after berries. Along the way they meet Unicorns but also some rock-obsessed Witches in Training and the awfully noisy Punk Rocks. Will our heroes be able to discover Rapunzel's true identity and return her to Crescendo?

Winter Tennis (Age 5 to Adult)

Whether your child is just starting tennis or is already into the game, Quickstart Tennis is sized just right for them. This makes tennis EASY and FUN and allows kids to get into the game immediately – while also developing agility, coordination, and balance. Getting your children started early in tennis is a good way to prepare them for a healthy and active lifestyle. This format will help foster a lifelong “love” for the game of tennis. ***Students provide their own rackets.**

■ ■ ■ Youth Swimming Lessons

American Red Cross **Learn to Swim** program offers comprehensive levels to teach students how to swim skillfully and safely. The pre-requisite for each level is the successful demonstration of skills from the preceding level. **Note: The shallow end of our pool is 42" deep. Therefore, children must be 48" in height and at least 6 years old to participate in levels 1-5.** Children under 48" in height should enroll in the Preschool program. Each level of **Learn to Swim** includes basic water safety and helping a swimmer in distress.

**No winter lessons.

Learn to Swim Levels 1-5

(Age 6+)

Fee: \$69

Level 1: Intro to Water Skills

Orient participants to the aquatic environment and help gain basic aquatic skills. Begin to develop positive attitudes and safe practices.

Level 2: Fundamental Aquatic Skills
Build basic aquatic skills, water safety and concepts learned in level 1.

Level 3: Stroke Development

Build on the skills learned in Levels 1 and 2 to help achieve basic water competency in a pool environment. Head first entry, survival floating and treading water will be covered.

Level 4: Stroke Improvement

Improve proficiency in performing swimming strokes introduced in Level 3. Skills include swimming front crawl 25 yards, breaststroke, back crawl and butterfly 15 yards.

Level 5: Stroke Refinement

Participants refine their performance of all six swimming strokes (front and back crawl, butterfly, breaststroke, elementary backstroke and sidestroke).

Parent & Child Aquatics (6 months to 3 years) Fee: \$64

Parent and child learn together to increase a child's comfort level in the water and build a foundation of basic skills, such as arm and leg movements and breath control. The two levels are fun-filled and introduce water safety.

- ◆ Change body position in the water
- ◆ Learn how to play safely
- ◆ Experience wearing a life jacket
- ◆ Expectation for adult supervision
- ◆ Enter and exit the water safely
- ◆ Submerge in a rhythmic pattern

Preschool Aquatics (4-5 years old) Fee: \$64

Children are taught basic aquatic safety, survival and swimming skills, while increasing their comfort level in and around the water. Skills are age-appropriate, helping children achieve success on a regular basis and enjoy social interactions with other children. As in all Swimming and Water Safety courses, your child will always know that it's safety first.

Calm and Gentle Yoga

This flowing yoga class links poses to create strength, flexibility and balance. Breath awareness and breathing exercises are incorporated to help remove tension and lessen stress. A well-rounded class for a wide variety of participants and ability levels – all poses can be modified to fit the individual's flexibility level, and options are given. **Please bring a yoga mat or large towel.**

New! Intro to the Power of Story

This 3-session class uses Norse and Celtic storytelling to dive into 3 basic principles: The Power of the stories we tell ourselves, and allow others to tell us about ourselves. "Feeding the story" as a life skill for interpersonal communication skills and deepening authentic connections. We will learn how the stories we tell ourselves, and allow others to tell us about ourselves can carry a powerful influence over our lives, and how through intentionality, we can recraft our own personal stories. In feeding the story we will learn a powerful technique that has brought healing to many people, but also how this technique can be applied to our daily interactions with others, and in so doing greatly deepen our understanding of others and allow us to build more authentic understanding relationships. Through these stories we will also gain valuable insight into what they are trying to teach us about the nature and purpose of suffering in our lives. We will also learn a new perspective on suffering, that when applied to daily life has also brought great healing and transformation to many people. **Include email with registration.**

Keeping More of Your Wealth: Retirement Tax Planning Strategies

Understanding tax strategies and managing your tax bill are integral parts of a sound financial plan. Ignoring the tax consequences to your specific situation may result in paying more than you need to. Whether it's determining where to save for retirement, how to create a tax efficient retirement paycheck or the implications of state residency with careful and consistent planning you can potentially reduce the impact of taxes on your overall financial picture.

Medicare 101: The Basics

This informational class is for anyone who is or will soon become Medicare eligible. What if I continue working after age 65? How is my spouse affected by my enrollment? What is the difference between a Medicare Supplement Plan and a Medicare Advantage Plan, and how do they work with Original Medicare? What about my prescriptions? How do I enroll and when should I do it? What if I don't enroll? How might my HSA impact my Medicare?

Classes

WEST Adult Basic Education (ABE)

WEST Adult Basic Education programs are supported by regional community education departments including Buffalo Community Education. Programs are to help adults age 17 years or older (who are not enrolled in high school) develop basic skills. Visit westabe.org for more information. [See below for WEST ABE services.](#)

ABE Academic Open Labs

ABE helps adult learners who want to acquire or improve their math, reading, or writing skills. Some learners might need to brush up on their skills before taking the GED tests or college entrance exam, for example. Others are learning information for the first time. Day and evening classes are available.

The GED® in Minnesota

To Get Started: Register online at ged.com or contact your local Adult Basic Education (ABE) program. [See box below for a program near you.] Staff at each ABE program will be able to walk you through the registration process and also provide resources and classes to prepare for taking the test.

The Test In Minnesota: Individuals who do not have a high school diploma may be able to earn a state of Minnesota GED® Diploma by passing the GED test. The four tests in the GED battery measure academic competencies similar to many of those required of a Minnesota high school graduate.

Eligibility: If you are 19 years old, do not already have a recognized and documented high school diploma, and are not currently enrolled in high school, you are eligible to take the GED® in Minnesota without an age waiver.

Getting an Age Waiver: If you are 17 or 18 years old and are not currently enrolled in high school, you must apply for an age waiver before testing. [An ABE teacher can assist you with the process.]

Once You Pass All the Tests in the GED: The Minnesota Department of Education (MDE) will receive your information from GED Testing Service and print you an official diploma and transcript which will be mailed via U.S. Mail to your address that you have listed in ged.com.

Warning Regarding Misleading GED® Claims

The state of Minnesota GED® Diploma cannot be earned or obtained on the Internet or through correspondence programs. The Tests of General Educational Development developed by the GED Testing Service® often require extensive preparation.... Tests are administered only ... under the direction of Pearson VUE® and the GED Testing Service. Any other GED diploma ... not issued by the Minnesota Department of Education may not be accepted by employers, colleges and universities or the military.

Minnesota Adult Literacy Hotline: Find an approved ABE program to help you earn your diploma as an adult, visit literacymn.org/classesforadults or call 1-800-222-1990. The programs listed below are approved ABE programs.

Rewarding Volunteer Opportunities

As a volunteer, you can make a difference in the lives of your neighbors. Attend a virtual* New Volunteer Information Session to find out if literacy volunteering is the right fit for you! Learn about how you can use your unique talents and skills to assist adult learners with their reading, writing, math, GED preparation, technology, and English skills. **Remote and in-person volunteer opportunities are available.**

Literacy Minnesota provides the information session as well as virtual pre-service training. Volunteers who work with adult learners are required by the Minnesota Department of Education to receive either Foundations of Adult Education Tutoring (12 hours) or Foundations of Volunteering in the Adult Education Classroom (4 hours), depending on their role. The majority of volunteers in your area need only the four hour training. For more information, call area adult volunteer coordinator Elizabeth at **763.682.8507** or visit literacymn.org/volunteer-foundations-training#
