Don't forget to set your clocks back an hour!

Veteran's Day

November 11

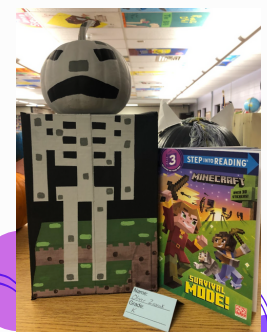

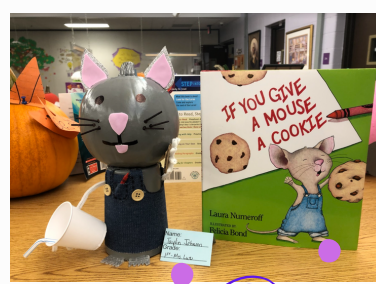

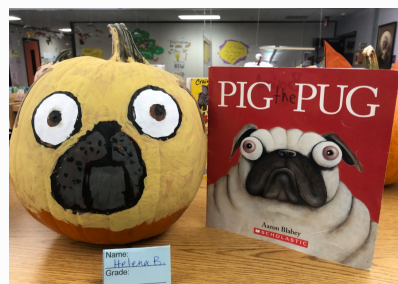

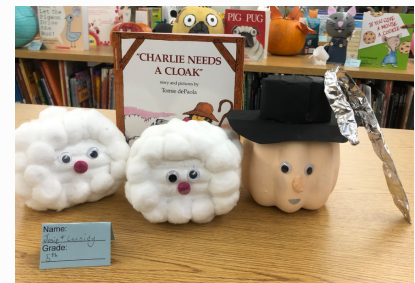

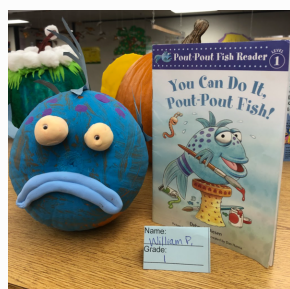

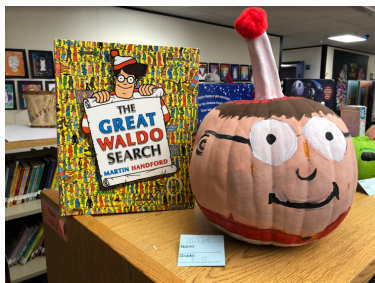

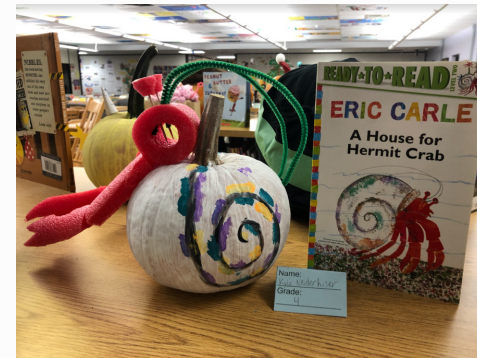

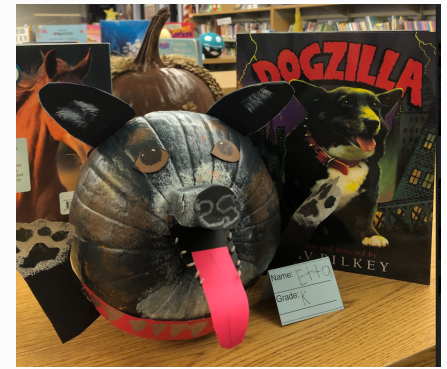

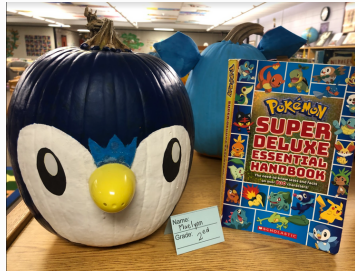

No School-Teacher Workshop Day

November 12

Pumpkin Decorating Contest

We have the most creative students here at Tatanka!

We had a FANTASTIC turn out for pumpkin submissions! Check out this sampling of our Pumpkin Book Characters! More can be found on our Tatanka Elementary STEM School Facebook Page!

Colder Weather

Our weather is starting to grow a little colder each day! Our students are outside for 30 minutes each day. Please ensure that they are dressed for the elements (e.g., coats, gloves, hats). Here are some guidelines to support what your child may need:

***29 degrees & below**= jacket, headwear, mittens, boots and snow pants

***30-40 degrees**= jacket, headwear, mittens

***41-49 degrees**= jacket ***50+ degrees**= no jacket

Ocean WAVES

1. Cover your ears with your hands.
2. Close your eyes.
3. Take long and slow in-breaths and out-breaths.
4. Zoom your attention to the sound that your breathing makes.
5. Visualize peaceful ocean waves rolling slowly back and forth towards the shore.

WHOLEHearted

Comforting Corner

with Mrs. Landrus
School Social Worker

Children feel a variety of emotions. While emotions are all a normal part of development, sometimes they can feel overwhelming. Today's activity is called "Ocean Waves". This activity is perfect when your child needs a break, especially if you are in a situation where you are unable to provide them a quiet space.

Podcasting & Newscasting Studio

A few weeks ago we went LIVE with our morning announcements! We have had so much fun and have received rave reviews from our students! Tatanka scholars have especially loved Wonder Wednesday and sharing books that they have enjoyed with others! We are quickly outgrowing Ms. Iden's office and will soon be expanding to a new space in the media center. In addition to the Morning Announcements, we will be adding technology to this new space to include Podcasting! Look for more details in the coming weeks!

Wonder Wednesday with our
Kindergarten Scientists!
