## Welcome to Hanover Elementary

At Hanover Elementary School our students pledge to respect one another, to be responsible in doing their very best, and to recognize the rights of others. This pledge forms the foundation of our high-achieving, safe and positive environment, where students consistently score well above state and national averages on standardized tests. This is possible because our personalized learning practices ensure that all students are challenged and engaged every day. It's the collaborative work of our dedicated teachers, staff and families that helps our students reach their full potential.

Hanover was named a **National Blue Ribbon School in 2013** by the U.S. Department of Education for overall academic excellence and achievement.

**“The main thing we see at Hanover is love – love of learning, love of seeing children shine, love of community, love of each child and his or her journey in education – every person showing love towards the littlest citizens of Hanover.”**

–Natalie, parent

# What Makes Hanover Elementary Unique

## Personalized Learning

Teachers consistently collaborate to ensure that all students learn at high levels. They analyze student data, share ideas and utilize research-based strategies to meet the needs of each student. Flexible grouping practices in reading and math show excellent, personalized results for all of our students.

## Nurturing Environment

We create a warm and welcoming environment where all students feel safe and able to take on new challenges. Our staff build strong relationships with their students, which promotes positive and healthy connections. Our well-equipped classrooms, media center and beautiful playground offer ideal learning environments.

## Meaningful Use of Technology

Technology is integrated into each classroom through the use of iPads, laptops, Smart Boards and classroom sets of Chromebooks for grades 3-5. We use a variety of educational apps, websites and software to improve communication, learning and collaboration.

## Specialist Classes & Special Programs

Students participate in music, physical education and arts integration instruction. Many special programs also promote learning. Hornetdale gives students in grades 1-2 practice in money management. Special music productions are performed by students in grades 2-4 annually.

## Outdoor Learning

Hanover Elementary strives to incorporate outdoor learning through visits to our many acre school forest! There are outdoor classrooms, a trail, two feeding stations for our animal friends, a Little Free Library, and even some scattered benches to take in all that nature has to offer!

## Strong Parent Involvement

We value parent support and involvement. Around 400 volunteers add to the success of our school every year. Our Parent Teacher Organization (PTO) promotes an open line of communication between parents, teachers and administration to give our students extra educational opportunities – what we call the “Hanover Experience.” This makes their time at Hanover Elementary more enjoyable and creates a better atmosphere for learning. Comprehensive support demonstrates to our children that education is important and we are behind them in every way.

## Other Important Information

**Transportation:** Vision Transportation of Buffalo provides bus service for BHM Schools. Families get free busing to Hanover Elementary and can designate up to one alternate location, such as daycare or a relative’s house, for pick-up and drop-off. Contact Vision of Buffalo at 763.682.3232 for routing and other information.

**KidKare:** On-site KidKare extends your child’s learning day while providing high-quality care in a safe and fun environment. KidKare is offered before and after school, full days on most non-school days, and during the summer. Call 763.682.8787 for more information.
