Child's Name: _____ Birthdate: _____
(For office use only)
MARSS other ID: _____ Parent/Guardian Name(s): _____

Early childhood developmental screening helps a school district identify children who may benefit from district and community resources available to help in their development. Early childhood developmental screening includes a vision screening that helps detect potential eye problems, but is not a substitute for a comprehensive eye exam. This screening does not replace on-going care from your health care provider or dentist.

A. This Screening includes:

- Review of your child's immunization record
- Check of your child's growth, such as height and weight
- Tests for possible hearing problems
- Tests for eye health, including how well your child can see
- Review of any other factors that might interfere with your child's health, growth, development or learning
- Check of your child's development
- Your report of your child's growth and learning
- Information about your child's health care and insurance
- Information about community resources and programs based on your child's or family's needs

B. If this screening is a Child and Teen Checkup, Head Start, or other equivalent screening it may also include:

- Check of your child's present, past, or other family health
- Check of your child's pulse, respirations and blood pressure
- Unclothed physical screening of your child's skin, head, eyes, ears, nose, throat, mouth, neck, chest, heart, lungs, abdomen, genitals, arms, legs, spine, and muscles
- Check of your child's teeth, gums, and mouth
- Test for exposure to tuberculosis
- Urine test for possible problems
- Blood test for anemia
- Blood test for lead
- Other

Child and Parent Rights, Obligations, and Assurances

1. The standards for screening are the same for every child regardless of race, income, creed, sex, national origin, or political beliefs.
2. Screening is required for your child's entry into public school kindergarten or first grade. You can also meet this requirement if your child has participated in a screening in the past year through Head Start, Child and Teen Checkups, or an equivalent developmental screening through another health provider that includes all required early childhood screening components. You or your provider will need to give summary results of the equivalent to your child's school district.
3. Screening is not required for your child's entry into kindergarten or first grade if you are a conscientious objector to screening. You will need to provide a written statement to your child's school district that documents your conscientious objector status.
4. You have the right to refuse to answer questions or provide information and still receive the rest of the required screening components.
5. You have the right to refuse an assessment, diagnosis, and possible treatment for your child.
6. Your child's medical assistance eligibility or eligibility in any other health, education, or social service programs will not be affected if you refuse this screening or any parts of this screening.

I give permission for the Child Health and Development Screening checked below for:

Schools are required to report ethnicity and race to the state and to the U.S. Department of Education. Because of recent changes to Minnesota state law, Minnesota disaggregates each category into detailed groups to further represent our student populations. Parents or guardians are not required to answer the federal questions (**in bold**) for their children. If you choose not to answer the federal questions (**in bold**), federal law requires schools to choose for you. This is a last resort—we prefer if parents or guardians complete the form. State questions are labeled as “Optional” and schools will not fill in this information for you.

This information helps improve teaching and learning for everyone and helps us accurately identify and advocate for students currently underserved. The information this form collects is considered private information. You can review the privacy notice to learn more about the purpose of collecting this information, how it will be used and not used, and how the detailed groups were identified. The privacy notice can be found in our *Frequently Asked Questions: Ethnic and Racial Designation Form*.

Making a Difference!

Dear Parents,

State law in Minnesota requires that every child must complete and Early Childhood Health and Developmental Screening (ECS) before entering kindergarten. This screening may be done through the public schools free of charge, or at a public health care provider. To consent to this screening by ISD #877 Buffalo Hanover Montrose Schools, please fill out this letter and bring it with you to your child's scheduled screening.

My signature provides consent for _____ (child's name) to receive ECS as well as the following (check all that apply):

- _____ ISD #877 may share the results of this screening with appropriate district personnel as needed for follow-up.
- _____ Screening results may become a part of my child's school record through elementary school.
- _____ Screening results may be transferred to another school district, should we move, or shared with Health Care Providers, Early childhood Teachers, Specialists, or Social Services upon my request.
