

Honoring Our Country's Military

Tatanka Elementary STEM School

We would like to honor relatives or friends of our staff and students who have served, or are currently serving in the military. Please send a picture to display in our library. We will place them on top of our bookshelves for all to see.

Please send the pictures in the week of November 8. Students can place them on the library bookshelf before school begins or bring them to the library during their class library time. We will display the pictures through Friday, November 19. Students should take their pictures back home on November 22.

Below is a copy of the information we would like for each picture. If pictures are in a frame, that would be great. If possible, please do not send pictures bigger than 8x11 inches.

Thank you for sharing the veterans you know with us. **It will be wonderful to have our students and staff honor them for their service to our country.**

Please be sure this information comes with each picture. You may use this form or a piece of paper the size of an index card to set next to your veteran's picture.

Name of service member: _____

Branch of the military: _____

Any special information about the veteran: _____

Name of student or staff member: _____

Relationship to the student or staff member: _____

Classroom Teacher's Name: _____
